

Champion Profile Application

Thank you for your interest in becoming a Daily Mile Champion! We're here to help you all the way. **Please read the legal bit below and fill out the information in yellow at the bottom of this form. Then return this completed form to Team@TheDailyMile.us with a high-resolution (300 dpi) photo of yourself. Thank you for being a child health hero!**

***The legal bit:** The health and wellbeing of children is our priority. Many states require volunteers who work around children to pass a background check. Whether or not it's a state need, if you're like us, you'd want any volunteers at a school to be there for the right reasons. All applicants are subject to a background check. The final decision on participation is at the sole discretion of the Executive Director.*

Background checks will be performed by HireRight (www.hireright.com) at The Daily Mile's expense. The Daily Mile will never ask you for sensitive personal information. We will send HireRight your name and email address. They will contact you directly to start the background check process.

By sending us your information, below, you acknowledge that you have given your permission for us to send HireRight your name and address, and to contact you via email. You further acknowledge that upon acceptance of your participation, you have given your permission for us to publish your name, city, state, likeness, and profile on our website, and to share this across social media and other media platforms.

First and Last Name:

Email Address:

City, State:

School You'd Like to be a Champion for:

(if multiple schools, please separate them with semi-colons;)
